

GLYN PETER MACHIN

NEW WORKS 7

designing refined aesthetics

NEW WORKS 7 is a visual presentation of selected bespoke commissions designed and made since the introduction of our product Book 6. Each piece was created for a project and as with all Glyn Peter Machin designs each piece serves as inspiration for new exciting projects ahead.

Designed and developed by Glyn Peter Machin for the purpose of furnishing private residences and deluxe hotels/resorts on land as well as superyachts and luxury vessels at sea. Each piece has been carefully hand crafted by the experienced craftspeople and artisans at GPM Workshops.

Every commission & design is approached as a creative challenge with a specific goal of realising the clients vision and bring aspirations into reality. Once the creative direction is established, client, designer, artisan and maker collectively embark on a truly inspirational and personally rewarding artistic journey.

The works of Glyn Peter Machin are not defined by any particular style or genre, they are defined by their substance, sophistication and elegance. The designs you are about to experience exemplify the principles of designing refined aesthetics.

Glyn Peter Machin are renowned for designing and making the most beautiful and original interior and exterior furniture.

We choose to innovate not imitate.

Please enjoy.....
